World Masters one week plan (subject to change):

- The closing ceremony and goodbye party are planned for Thursday, 13<sup>th</sup> August

### 3. Weather:

The scheduled time for the event is the middle of the summer in Israel.  
The Average temperatures in the Dead Sea area are 38-39 degrees Celsius.  
The exceptionally low humidity (15-20%) makes it much more comfortable than conditions of high humidity.  
You do not sweat, therefore it is very important to drink a lot.

### 4. Accommodation:

Many hotels are available in the Dead Sea resort area of Neve Zohar.  
**After checking offers from all the hotels in the resort, we have chosen one hotel as the official event hotel**, which we believe to be the best deal in the area. Therefore, we are planning and hoping that all the teams will opt to stay in this same hotel. We can only recommend that you choose to stay here as opposed to somewhere else. **We can also save you time by taking care of your hotel reservation for you.**

A shuttle bus will be available for the teams from the resort to the airfield and back every hour.

#### **Please check, compare, and decide**

We will always try to take care of any problems that team members may encounter. Therefore, to enable us to do this more efficiently, we prefer that all the teams stay in the same hotel and use the same services.

The best deals for reservations at the event hotel officially apply until 31, January 2009. Therefore we recommend that you register first, then if you decide to later on, you can always cancel. In any case, reservations at the event hotel require an advance payment of 20%. (If you cancel, you will pay a 20% cancellation fee, but at least you will have somewhere to sleep). The rest of the payment will be made at the hotel after your arrival.

Accommodation fees for the event hotel will be published by July 2008 on the website Event Hotel Page.

You can make your own reservation directly at any other hotel of your choice. (If you get a better price than the one we published, please let us know!)

All the hotels in the area are to be found on many web sites including:

<http://www.hotels-in-israel.com/DeadSea.cfm>

You will find the relevant reservation details on the 8JWM registration forms.

#### **4. Food:**

The resort is full of good restaurants and fast food restaurants.

##### **For the competitors and the teams:**

- Option of breakfast at the Hotel (usually B&B)
- Lunch will be offered at the airfield buffet at reasonable prices
- Dinner is taken independently at a place of your choice (All the hotels offer dinner at a reasonable price).

During the 10 days we will have a rich drinking Bar on the airfield

#### **5. Entry fees:**

To be published by June 2008.

Due to shortening the competition time and adding more judges, fees will be a little higher than they were for the former JWM.

Entry fees for the World Masters are payable in EURO

#### **6. Radio Frequencies:**

There are no special limitations at this stage;  
more updates if any will be published later.

#### **7. Registration, Procedure and Requirements :**

Sending the forms as early as possible will enable us to organize the event in the best possible manner and will help us to make sure that everything will be arranged and ready for your arrival. Therefore, we would greatly appreciate your cooperation with this matter.
